**Smart Wool Socks** ..... **\$20.00**  
 Provide a much-needed pair of Smart Wool Socks for a Mountain Gorilla Tracker in Rwanda. Every day the trackers climb the mountains to watch over the gorillas. These socks keep the feet warm and dry. These individuals have dedicated their lives to help protect the endangered mountain gorillas in Rwanda.

**School Text Books** ..... **\$30.00**  
 Your gift will buy three text books for students of the Bisate Primary School in Rwanda. The children of the mountain gorillas trackers attend the school. Most schools do not have enough books for the students. Your gift will allow students to study for their yearly exams so they can pass to the next grade level.

**Fuel-Efficient Stoves** ..... **\$30.00**  
 This gift will pay for 10 stoves for Rwandan families. These stoves operate on 75% less wood than open cooking fires, which protects the forest. Collecting firewood is a major threat to the forest and the animals that live there. These stoves will improve the lives of the families living near the Nyungwe National Park.

**Reforestation Tree Project** ..... **\$30.00**  
 The Pole Pole Foundation launched a reforestation program with a goal of planting 80,000 trees at the Kahuzi-Biega National Park in the Democratic Republic of Congo. Your gift will fund the planting of 88 trees. The planting of these trees will help local people while helping to save the forest and the animals that live there.

**Female Goat** ..... **\$35.00**  
 Your donation will provide a Rwandan family with a female goat. This will provide needed milk for the children of the family and fertilizer for their vegetable gardens. Each family receiving a goat will promise to give the first female offspring to another family. Following goats can be added to the herd or sold as a source of income.
